

## CONFERENCE PROCEEDINGS CONTENTS

### HYDROLOGY, WATER RESOURCES, AND CLIMATE RESILIENCE

|                                                                                                                                                                                                                                                                        |           |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| <b>1. ANALYSIS OF FACTORS AND CLUSTERS IN THE FISHERIES INDUSTRY IN THE EUROPEAN UNION, Mg.oec. Agnese Eizenberga .....</b>                                                                                                                                            | <b>3</b>  |
| <b>2. APPLICATION OF DRONE TECHNOLOGY FOR FLOOD RISK MONITORING AND MODELING, Mg. sc. Ing. Toms Lidumnieks' Prof. Dr. sc. ing. Armands Celms' Mg. geogr. Ivars Bergmani .....</b>                                                                                      | <b>11</b> |
| <b>3. ARSENIC REMOVAL FROM GROUNDWATER BY COAGULATION PROCESS: PERFORMANCE AND LIMITATIONS INFLUENCED BY THE GROUNDWATER SOURCES CHEMISTRY USED FOR DRINKING WATER PURPOSE IN THE WEST REGION OF ROMANIA, Dr. Pacala Adina.....</b>                                    | <b>19</b> |
| <b>4. DETERMINING FLOOD SHELTER LOCATIONS: A MULTI-CRITERIA SPATIAL ANALYSIS USING GIS TOOLS, PhD Dino Dobrinic, Ivan Bertecic, Prof. Dr. Damir Medak.....</b>                                                                                                         | <b>27</b> |
| <b>5. ESTIMATION OF APPROXIMATION ERRORS IN REPRESENTING REAL PARTICLE DIMENSIONS WITH EQUIVALENT DIAMETERS IN SEDIMENTATION ANALYSIS, Dr. Eng. Tymoteusz Turlej .....</b>                                                                                             | <b>35</b> |
| <b>6. EVAPOTRANSPIRATION AS A METHOD OF WASTEWATER DISPOSAL, Ing. Pavel Škarpa.....</b>                                                                                                                                                                                | <b>43</b> |
| <b>7. FLOOD PROTECTION IN A MUNICIPALITY WITH THE IMPLEMENTATION OF ANATURE-BASED SOLUTION, doc. Ing. Brumarová Lenka, Ing. Brumar Jakub, Ing. Gamonová Patricie .....</b>                                                                                             | <b>51</b> |
| <b>8. INFLUENCE OF WATER TEMPERATURE ON DROPLET SIZE DISTRIBUTION OF HIGH-PRESSURE WATER MIST NOZZLES, Ing. Marek Miskay, Ing. Miriam Kadlubcova, Assoc. Prof. Karla Barcova.....</b>                                                                                  | <b>57</b> |
| <b>9. LIDAR DATA ACQUISITION AND MEASUREMENT ACCURACY IN QC TOOLS USING MOBILE MAPPING SYSTEM TECHNOLOGY, Assoc. Prof. Dr. Adrian Șmuleac, Prof. Dr. Laura Șmuleac, Prof. Dr. Cosmin Alin Popescu, Assoc. Prof. Dr. Mihai Herbei, Lecturer Dr. Raul Pașcalau .....</b> | <b>67</b> |
| <b>10. MICROBIAL CONTAMINATION ASSESSMENT OF FIREFIGHTING WATER FOR WATER SUPPLY PURPOSES AND THE POSSIBILITY OF DISINFECTION, Ing. Patrik Sirotiak, Doc. Ing. Šárka Kročová Ph.D. ....</b>                                                                            | <b>77</b> |

|                                                                                                                                                                                                                                                                                                                                     |     |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>11. POSSIBILITIES FOR DAY-STEP FLOOD FORECASTING IN SMALLER CATCHMENTS USING MACHINE LEARNING METHODS,</b> Dr. Tomas Kozel, Ruzena Pavelkova .....                                                                                                                                                                               | 85  |
| <b>12. POSSIBILITIES OF USING WATER RESOURCES FROM THE SHALLOW AQUIFER TO SUPPLY WATER TO LOCAL IRRIGATION SYSTEMS,</b> Assist. Prof. Phd. Eng. Ioana Alina Cretan .....                                                                                                                                                            | 93  |
| <b>13. PUBLICATION OF DATA FROM THE LATVIAN REGIONAL HYDROGEOLOGICAL MODEL LAMO4,</b> Assist. Prof. Dr. Math. Irina Eglite, Researcher Master of Comp. Sc. Kaspars Krauklis .....                                                                                                                                                   | 99  |
| <b>14. STATISTICAL ANALYSIS OF HYDROCHEMICAL PARAMETERS OF THE RACHA-LECHKHUMI AND KVEMO SVANETI REGIONS NATURAL WATERS,</b> M. Tabatadze, L. Shavliashvili, G. Kuchava, E. Shubladze, E. Elizbarashvili .....                                                                                                                      | 107 |
| <b>15. THE INFLUENCE OF AGRICULTURAL ACTIVITIES ON THE QUALITY OF UNDERGROUND WATER IN THE CENTRAL AREA OF THE BANAT PLAIN UNDER THE CONDITIONS OF ADAPTATION TO CLIMATE CHANGE,</b> Prof. Dr. Laura Smuleac' Prof. Dr. Florin Imbrea' Assoc. Prof. Dr. Adrian Smuleac' Lecturer Dr. Raul Pascalau' Lecturer Dr. Radu Bertici ..... | 115 |
| <b>16. THE REMOVAL OF PHOSPHORUS FROM CONSTRUCTED WETLANDS,</b> Ing. Tereza Tůmová .....                                                                                                                                                                                                                                            | 123 |
| <b>17. THE STUDY OF THE INFLUENCE OF THE FORWARD SPEEDS OF A PATROL VESSEL ON THE BANKS OF THE CANALS IN THE DANUBE DELTA,</b> Assoc. Prof. Gabriel Popescu, PhD Costel Ungureanu, PhD Eugen Gavan .....                                                                                                                            | 131 |
| <b>18. USING RISK MAPPING TO DETERMINE A MODERATE NATURE-BASED SOLUTION,</b> Ing. Brumar Jakub, Assoc. Prof Ing. Brumarova Lenka, Ph.D., Ing. Nela Kužílková .....                                                                                                                                                                  | 139 |
| <b>19. VOLUMETRIC QUANTIFICATION OF SOIL LOSS IN A PART OF THE MUNICIPALITY OF OTNICE IN THE CZECH REPUBLIC,</b> Lukáš Buršík' Prof. Dr. Miroslav Dumbrovský' Dr. Veronika Sobotková .....                                                                                                                                          | 147 |
| <b>20. WATER RESOURCE EFFICIENCY AND QUALITY MONITORING: A CASE STUDY OF SUCEAVA COUNTY'S DRINKING WATER SYSTEM,</b> Assoc. Prof. DSc. Anca Mihaela Gatlan, Assoc. Prof. DSc. Amelia Buculei, Prof. DSc. Mircea-Adrian Oroian, Assoc. Prof. DSc. Sorina Ropciuc, PhD Vasile-Florin Ursachi .....                                    | 155 |

---

**MARINE, OCEAN, AND COASTAL ECOSYSTEMS. BLUE CARBON**

---

- 21. EVALUATION OF THE SURFACE WATER QUALITY PARAMETERS OF THE SF. GHEORGHE BRANCH - DANUBE DELTA, ROMANIA**, Dr. Irina Catianis, Dr. Ana Bianca Pavel, Dr. Florin Duțu, MSc. Cătălina Gavrilă, Ovidiu Borzan .....167
- 22. INTEGRATED ANALYSIS OF SEAWATER INTRUSION DYNAMICS IN THE NORTHERN BLACK SEA COAST OF BULGARIA**, Assoc. Prof. Dr. Olga Nitcheva, Dr. Alben Vatrlova, Research Assist. Donka Shopova, Assoc. Prof. Dr. Poly Dobreva .....175

---

**SOIL SCIENCE, CONSERVATION, AND LAND RESTORATION**

---

- 23. ASSESSMENT OF THE IMPACT OF COMPLEX FOLIAR FERTILIZERS ON CORN (ZEA MAYS L.) PRODUCTIVITY**, PhD Laura Crista, Prof. Dr. Florin Crista, Prof. Dr. Isidora Radulov , Assoc. Prof. Dr. Alina Lato, Assoc. Prof. Dr. Adina Berbecea .....187
- 24. COMPARISON OF SOIL LOSS DUE TO WATER EROSION BEFORE AND AFTER A CHANGE IN AGRONOMIC PRACTICES**, Ing. Dávid Dežerický, PhD., Mgr. Ing. Marta Lenartowicz, Ing. Sára Daxnerová, Prof. Ing. Zlatica Muchová, PhD. ....195
- 25. ASSESSMENT OF THE EFFECTS OF COMPLEX FOLIAR FERTILIZATION ON THE YIELD AND QUALITY OF SUNFLOWER SEEDS (HELIANTHUS ANNUUS L.)**, Prof. Dr. Florin Crista, Prof. Dr. Florin Imbrea , Prof. Dr. Isidora Radulov , Dr. Laura Crista, Lecturer Alina Lato .....203
- 26. GEOCHEMICAL TOOLS IN ENVIRONMENTAL STUDIES**, PhD Ramona Huzum, Doina Smaranda Sirbu-Radasanu, Delia-Georgeta DUMITRAS .....213
- 27. GEOINFORMATION TERRAIN ANALYSIS FOR OPTIMIZING MILITARY EQUIPMENT ROUTES**, Prof. Oleksandr Trofymchuk, PhD Vyacheslav Vishnyakov, PhD Natalia Sheviakina, PhD Viktoriia Klymenko, PhD Snizhana Zahorodnia .....221
- 28. PHYTOREMEDIATION OF ARSENIC CONTAMINATED SOILS OF THE AMBROLAURI MUNICIPALITY**, L. Shavliashvili, G. Kuchava, E. Shubladze, M. Tabatadze, S. Iram, E.Elizbarashvili .....229

## FOREST ECOSYSTEMS AND SUSTAINABLE FORESTRY

---

- 29. THE EFFECT OF RIENTS FOLIAR FERTILIZATION WITH UREA UPON THE CONTENT OF MACRONUTIN CAMBIC CHERNOZEM,** Assoc. Prof. Dr. Alina Lato, Prof. Dr. Florin Crista, Assoc. Prof. Dr. Iaroslav Lato, Assoc. Prof. Dr. Alina Neacsu, Dr. Laura Crista .....247
- 30. ASSESSING THE ROLE OF WINDBREAKS IN REDUCING WIND EROSION: REMOTE SENSING PERSPECTIVE,** Assoc. Prof. Dr. Lenka Lackóová, Dr. Mária Tárníková .....255
- 31. DIVERSITY OF HYPERICUM L SPECIES IN ADJARA, GEORGIA,** PhD Ressa Mariam Romanadze, Assoc. Prof. Dr. Inga Diasamidze, Dr. Gia Bolkvadze, Professor Davit Baratashvili, Associate Professor Eteri Jakeli. ....263
- 32. DYNAMICS ASSESSMENT OF CHANGES IN FOREST COVER AREA ON THE UKRAINE TERRITORY IN THE 21TH CENTURY BASED ON SATELLITE DATA,** PhD. Alexander Apostolov, PhD. Lesya Yelistratova, Dmytro Todchuk, Igor Onopchuk .....269
- 33. EFFECTIVE PROTECTION AGAINST PINE WEEVIL (*HYLOBIUS ABIETIS*) DAMAGES IN CONIFEROUS PLANTATIONS,** Uldis Grīnfelds, Liene Zēberga, Kristaps Ozoliņš, Raitis Rieksts – Riekstiņš, Linda Robalte .....277
- 34. GROUND VEGETATION BIOMASS AND CARBON POOL IN HEMIBOREAL OLD-GROWTH CONIFEROUS STANDS ON ORGANIC SOILS,** Mg.silv. Valters Samariķs, Mg.silv. Ieva Jaunslaviete, Mg.silv. Andis Adamovičs, Mg.silv. Sabīne Dubašinska, Dr.silv. Āris Jansons .....285
- 35. MODELING LANDSCAPE PERMEABILITY USING FOREST PATCHES AND ENVIRONMENTAL VARIABLES,** Nicu Alexandru Gîlea, Ileana Patru-Stupariu, Mioara Clius .....295
- 36. SIZE AND VITALITY CHARACTERISTICS OF STELLARIA HOLOSTEA L. PLANTS AND POPULATIONS IN DESNIANSKO-STAROHUTSKYI NATIONAL NATURE PARK,** Prof. Dr. Viktoriia Skliar, PhD Nataliia Yaroshenko, PhD Maryna Sherstiuk, Assoc. Prof. Yuri Skliar .....307
- 37. SPECIES DIVERSITY OF HARMFUL BARK BEETLES IN SPRUCE FORESTS OF ADJARA REGION (GEORGIA),** PhD Ressa Nino Manvelidze, Prof. Dr. Medea Burjanadze, Assoc. Prof. Dr. Lali Jgenti, Assoc. Prof. Dr. Natela Varshanidze .....315

|                                                                                                                                                                                                     |     |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>38. STRUCTURAL CONNECTIVITY ANALYSIS IN THE CARPATHIAN ECOREGION: PRELIMINARY STEPS FOR DEVELOPING LANDSCAPE NETWORKS,</b> Radu Tudor, Ileana Patru-Stupariu, Ancuța Fedorca, Mîrea Marian ..... | 321 |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|

|                                                                                                                                                                                                                        |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>39. TAXONOMIC STRUCTURE OF THE NEMATODE COMMUNITIES IN AGROECOSYSTEMS OF SHUAKHEVI (AJARA, GEORGIA),</b> Prof. Dr. Eka Tskitishvili, Assoc. Prof. Dr. Lali Jgenti, Prof. Dr. Nino Lomidze, Tengiz Vadachkoria ..... | 331 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|

|                                                                                                                                                                                         |     |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>40. VEGETATION OF SMALL-LEAVED LIME <i>TILIA CORDATA</i> MILL. FOREST STANDS IN LATVIA,</b> Prof. Inga Straupe, PhD Patriks Kikusts, PhD Diana Jansone, Prof. Dr. Aris Jansons ..... | 339 |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|

## **SUSTAINABLE OIL, GAS, AND ENERGY TRANSITION EXPLORATION**

|                                                                                                                                                                                                                                                            |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>41. BEST AVAILABLE TECHNIQUES IN OIL AND GAS EXPLORATION: OPPORTUNITIES FOR POLLUTION PREVENTION AND CLIMATE CHANGE MITIGATION,</b> Dr. Sci. Dmitry Skobelev, PhD Maria Dobrokhotova, PhD Natalia Popadko, Mrs. Yuliya Ukhina, PhD Rauf Ismayilov ..... | 349 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|

|                                                                                                                                                                                                                                                                                         |     |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>42. NATIONAL GREENHOUSE GAS EMISSION FACTORS AT OIL AND GAS CONDENSATE PRODUCTION AND TREATMENT FACILITIES IN RUSSIAN FEDERATION,</b> PhD. Nakhutin Alexander, Popov Nikita, Berdin Vladimir, Mironov Andrey, Uledova Anastasia, Kozlova Daria, Karimova Kamila, Simonyan Elen ..... | 357 |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|

|                                                                                                                                                                                                                                                                                                                                 |     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>43. PHASE BOUNDARY EQUILIBRIUM CONDITIONS FOR CH<sub>4</sub>, C<sub>2</sub>H<sub>6</sub> AND C<sub>3</sub>H<sub>8</sub> IN MARINE QUARTZ-BASED POROUS SAND: THERMODYNAMIC EVOLUTION OF THE SYSTEM AND DEVIATION FROM THE IDEAL TREND,</b> Dr. Alberto Maria Gambelli, Dr. Jessica Di Mario, Full Prof. Enrico Gigliotti..... | 367 |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|

|                                                                                                                                                                                                                                                                                                                                      |     |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>44. PRODUCTION OF sI AND sII HYDRATES WITH BINARY MIXTURES CONTAINING CH<sub>4</sub> AND LOWER CONCENTRATIONS OF C<sub>2</sub>H<sub>6</sub>/C<sub>3</sub>H<sub>8</sub>: POSSIBLE CONSEQUENCES ON REPLACEMENT IN MARINE NATURAL DEPOSITS,</b> Dr. Alberto Maria Gambelli, Dr. Jessica Di Mario, Prof. Dr. Giovanni Gigliotti ..... | 375 |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
